InDesign has everything you need to create and publish books, digital magazines, eBooks, posters, interactive PDFs, and more.

New features in June 2020 release:

Share for review: Initiate your creative review process by sharing designs for review from InDesign without having to rely on other tools. Reviewers can add comments on the shared documents using web browser. Manage the review comments shared by your stakeholders within InDesign and resolve them.

Auto-Activate Adobe Fonts: InDesign now automatically finds and activates missing fonts in your documents from Adobe Fonts. You can also check the status of missing fonts activation from the Background Tasks panel. By default, auto-activate Adobe Fonts is disabled in InDesign. You can enable it from Preferences dialog.
