Description

B2B King Plugin Free Download

B2BKing takes care of everything, from basic B2B aspects such as hiding prices for guest users, to complex features such as tiered pricing structures, tax exemptions, VAT handling, and multiple buyers on account.

From an extended business registration and separate B2B/B2C registration forms, to custom billing fields, an invoice payment gateway and negotiated price offers, B2BKing does it all.

LIFETIME UPDATES. PAY ONCE.

While most wholesale plugins require a long commitment with yearly payments, B2BKing's lifetime license makes everything so much simpler. Since the plugin's launch, we have already released more than 41 updates, with many more features and enhancements already in the making. **137+ FEATURES. INCREDIBLE VALUE.**
