Description

Bangkok Hospital Phuket Vector Logo Free Download

Bangkok Hospital Phuket is a division of Asia's largest network of Bangkok Dust Medical Services, which is among the top 5 leading medical service providers in the world. This is one of the leaders of medical tourism in Thailand. Every year, 90,000 foreign patients from Asia, Australia and Oceania, Europe, America, the Middle East and the CIS countries come to the clinic.

Bangkok Hospital Phuket provides international standards and works in a wide range of areas, including neurosurgery, cardiology, oncology, orthopedics, general surgery, ophthalmology, gynecology, obstetrics, pediatrics, etc. This is the best choice for those who wish to relax on the exotic resort and get high-quality medical services and procedures. Preventive and check-up examinations, dentistry, vision correction, treatment of female and male infertility, plastic surgery are popular among tourists. Also, foreign patients come to the clinic to take advantage of innovations, for example, Da Vinci robotic colorectal surgery. Recently, the number of foreigners who have come to perform laparoscopic gastrectomy (a popular method of bariatric surgery to narrow down the stomach) has increased.
