The Sahra Wagenknecht Alliance – Reason and Justice (See Tfd)German: Bündnis Sahra Wagenknecht – Vernunft und Gerechtigkeit be?.?s?ve?, BSW) is a political party in Germany that was founded on 8 January 2024. It has been described as left-wing populist, nationalist, socialist, culturally conservative, socially conservative and Eurosceptic. The party was preceded by the establishment of a registered association, created on 26 September 2023 and primarily made up of former members of the German political party The Left (See Tfd)German: Die Linke), for the purposes of preparing the founding of the new political party. Plans for the new party were presented at a federal press conference on 23 October 2023 by Bundestag members Sahra Wagenknecht, Amira Mohamed Ali, and Christian Leye, former managing director of The Left in North Rhine-Westphalia Lukas Schön, and entrepreneur Ralph Suikat.

Amira Mohamed Ali announced that she, along with Wagenknecht, Leye, and seven other members of the Bundestag faction, would leave The Left to form part of the newly-founded BSW; they would maintain their membership in The Left's parliamentary group (Fraktion) and retain parliamentary privileges, but the faction was dissolved by The Left on 6 December 2023.

The main goal of the association is to build a structure for a new party led by Wagenknecht. The association is sceptical of both green politics and support for Ukraine in the Russo-Ukrainian War which led to the party being seen as Russophilic. According to various polls, between 12 and 20 percent (with as high as 32% in eastern Germany) of Germans said they would consider voting for BSW.
