Description

Connusa Energindo Vector Logo Free Download

Connusa Energindo is an Indonesian consulting firm providing engineering consultancy services in Electricity, Oil & Gas, and public works sectors. Over the past 20 years CONNUSA has established itself as one of the most experienced, well known and reliable Indonesian based Consultancy companies.

In the electricity sector its experience far exceeds that of any other private locally based independent consulting company. Its staff has a profound knowledge of Indonesian 'Design and Construction Standards' which has enabled the Company to expand from commercial and industrial developments into the fields of electricity, oil & gas, water resources, transportation and communications.
