Description

Dashtreme is a free Bootstrap 4 HTML5 admin dashboard template. It has an attention-grabbing gradient design with full responsiveness. Plus, the layouts are responsive and mobile-ready. Dashtreme best suits the web applications like e-commerce dashboards, custom admin panel, software backends, and CRMs. Moreover, it works remarkably well across all the devices.

Free Bootstrap 4 HTML5 Admin Dashboard Template
Besides, Dashtreme comprises all the latest features and assets in the bundle. From the color-changing scheme, charts, tables to forms, calendars, preloader, everything is in the kit. On top of that, authentication and profile pages are also included in the package. You will find the theme easily customizable because of its well organized and well-commented codes. To sum up, Dashtreme has all the potentials to push your project online with a bang.
