Description

Embed Any Document Plus V2.8.3 WP Plugin Free Download

'Embed Any Document Plus' V2.8.3 WordPress plugin lets you display (embed) your documents easily in your WordPress website without any additional browser plugins.

With just one click you can easily embed your Google Docs files and documents hosted in DropBox & Box.com to your WordPress website.

Similar to services like Scribd and SlideShare, 'Embed Any Document Plus' will allow you to embed supported files directly into your page or post, not requiring the user to have any other software installed to view the contents.

Integrated Cloud Services:

Microsoft OneDrive

Google Drive

Dropbox

Box.com

Supported File Formats:

Microsoft Word (docx, docm, dotm, dotx)

Microsoft Excel (xlsx, xlsb, xls, xlsm)

Microsoft PowerPoint (pptx, ppsx, ppt, pps, pptm, potm, ppam, potx, ppsm)

Adobe Portable Document Format (pdf)
