Forum Anak Kota Semarang is a children's organization formed by the Semarang City Government to promote and strengthen children's participation in the development of Semarang City. Founded in 2009, the Semarang City Children's Forum is committed to increasing the role and involvement of children in the planning and development of Semarang City.

This organization consists of children who care about the future of Semarang City, and strives to ensure that children's voices and hopes are represented in the city's development process. Through various activities and programs, the Semarang City Children's Forum seeks to increase children's awareness and involvement in city issues, such as the environment, transportation and public services.

The Semarang City Children's Forum also coordinates with the government and other organizations to accommodate children's aspirations and hopes in city planning and development. This organization is open to all children who want to participate in building a better and more inclusive Semarang City.

By increasing the role and involvement of young people in city development, the Semarang City Children's Forum strives to ensure that the young generation has a brighter future and a better future for the city. Therefore, the Semarang City Children's Forum plays an important role in promoting children's active participation in the development of Semarang City.
