Fraggles Rock (also known as Jim Henson's Fraggles Rock or Fraggles Rock with Jim Henson's Muppets) is a children's musical fantasy comedy puppet television series about interconnected societies of Muppet creatures, created by Jim Henson.

An international co-production of Canada, the United Kingdom and the United States, Fraggles Rock was co-produced by British television company Television South (TVS), the CBC, American pay television service HBO, and Henson Associates. Unlike The Muppet Show and Sesame Street, which had been created for a single market and only later adapted for international markets, Fraggles Rock was intended from the start to be an international production, and the entire show was constructed with this in mind. At least four different versions of the human "wraparound" segments were produced separately to air in different countries.

Following the success of the Fraggles Rock: Rock On! shorts which aired on Apple TV+ in April 2020, a reboot of Fraggles Rock was ordered by the streaming service. Known as Fraggles Rock: Back to the Rock, it premiered on January 21, 2022.
