### Description

#### Frostbite Vector Logo Free Download

Frostbite is a game engine developed by DICE, designed for cross-platform use on Microsoft Windows, seventh generation game consoles PlayStation 3 and Xbox 360, eighth generation game consoles PlayStation 4, Xbox One and Nintendo Switch and ninth generation game consoles PlayStation 5 and Xbox Series X/S, in addition to usage in the cloud streaming service Google Stadia.

The game engine was originally employed in the Battlefield video game series, but would later be expanded to other first-person shooter video games and a variety of other genres. To date, Frostbite has been exclusive to video games published by Electronic Arts.
