Description

Google Listings & Ads 2.7.6 WP Plugin Free Download

Google Listings & Ads V2.7.6 makes it simple to showcase your products to shoppers across Google. Whether you're brand new to digital advertising or a marketing expert, you can expand your reach and grow your business, for free and with ads.

Sync your store with Google to list products for free, run paid ads, and track performance straight from your store dashboard.

With Google Listings & Ads:

- Connect your store seamlessly with Google Merchant Center.
- Reach online shoppers with free listings.
- Boost store traffic and sales with Performance Max Campaigns.

Connect your store seamlessly

Integrate with Google Merchant Center to upload relevant store and product data to Google. Your products will sync automatically to make the information available for free listings, Google Ads, and other Google services.

Create a new Merchant Center account or link an existing one to connect your store and list products across Google for free and with ads.

Reach online shoppers with free listings

Showcase eligible products to shoppers looking for what you offer and drive traffic to your store with Google's free listings on the Shopping tab.

Your products can also appear on Google Search, Google Images, and Gmail if you're selling in the United States.
