### Description

Honest Bee Vector Logo Free Download

Honestbee (stylised as honestbee) was an online grocery and food delivery service as its core business, a concierge service, and also a parcel delivery service for its B2B clients. The company provided personal shoppers that pick products for its clients. Consumers utilized the company's mobile app or website to interface with the company, and the store pickers and retail stores also utilized the mobile app. In Singapore, honestbee also provided laundry collection services.
