### Description

#### Imminent Coming Soon Theme Free Download

Imminent V1.0.0 is a free, modern and stylish website under construction page. A full-featured, handcrafted website template, built with attention to detail. The template is also versatile, you can use it for different types of websites like agencies, personal sites, small business, etc. You will love its beautifully designed hero banner with its subtle animation and cute typography.

If you're looking for a modern and stylish way to create a "coming soon" page for your website, check out Imminent – a free coming soon website template. This handcrafted template is packed with features and is meticulously designed. It is also versatile enough to be used for a wide range of website types, including personal sites, small businesses, and agencies.

Imminent's beautifully designed hero banner, complete with subtle animations and stylish typography, is one of its standout features. The template also includes an animated countdown timer, a subscription form, and customizable tabs for providing more information about your website. The template is also 100% responsive so your website will look great on any device. There are three style variants to choose from: static, slideshow, and particle background. In addition, the template's clean and well-commented code makes it simple to customize and modify. Best of all, with all of these features and its sleek design, you'll be surprised to learn that Imminent is available as a free template!
