Description

Japan Securities Depository Center Vector Logo Free Download

JASDEC is a Central Securities Depository (CSD) and the only organization responsible for operating a comprehensive securities settlement infrastructure system in Japan. Under the Act on Book-Entry Transfer of Corporate Bonds and Shares, JASDEC is designated as a "Book-Entry Transfer Institution" by the Financial Services Agency and the Ministry of Justice, and provides book-entry transfer and related services for a wide range of dematerialized securities subject to the Act, including listed shares, public bonds except government bonds, corporate bonds, short term corporate bonds (CP) and investment trusts.

Japan Securities Depository Center, Inc. (JASDEC) is Japan's central securities depository. The website describes the structure of systems and services ...
