### Description

#### Knox Coming Soon HTML Template Free Download

Knox V1.0.0 is its fullscreen hero banner, which includes subtle text animations to grab visitors' attention. It also has a countdown timer, a MailChimp signup form, and a details section where you can share more about your business, services, social links, and contact information. Additionally, Knox comes in three different style variants: static, slideshow, and particle background. Overall, Knox is a fantastic choice for anyone looking for a free, easy-to-use coming soon website template with a professional, clean, and modern design.

If you are looking for a free coming soon website template that is simple, modern, and elegant, then Knox might be just what you need. This responsive template has a professional and classy design thanks to its thin line elements, great use of whitespace, and nice typography. It doesn't just look good; it also has all of the features you need to engage visitors, collect new leads, and keep them interested while you work on your website.
