Description

Lapierre 2015 Vector Logo Free Download

The all-carbon Pulsium is designed to absorb vibration and therefore provide more comfort and less physical stress for the rider, and more grip ...

The bike was developed by a large team, comprising FDJ riders and mechanics, Lapierre's in-house R&D team, and the University of Besançon. Pros and cons: Much more compliant in the rear end for more comfort..

Create using Adobe Illustrator CC 2020
