Description

Laundry Booking and Management V1.5 Free Download

Laundry Booking and Management Script v1.5 by Broadview Innovations Pvt Ltd.

Our laundry management script is designed to streamline operations for laundry businesses and dry cleaners, including handling online bookings. Users can easily book services such as washing, dry cleaning, ironing, and folding. They can select specific articles and provide pickup and delivery addresses. The booking process features a live price estimator with options like coupon discounts, partial payments, and guest checkouts.

Business Admins can accept payments through various gateways including PayPal, Stripe, PayU Money, 2Checkout, and Authorize.net. They also receive booking alerts via SMS. Our solution offers a seamless and efficient way for laundry businesses to manage online bookings.
