Majlis Bandaraya Iskandar Puteri Vector Logo Free Download

Majlis Bandaraya Iskandar Puteri is a local council that was established in 1953. Starting from a small administrative center which was later merged into a Local Council, Iskandar Puteri has now created history once again when it was declared as a City-level Local Authority.

The pace of development in Metropolitan Johor Bahru has a direct impact on the Iskandar Puteri area. The area before the township is 303.5 square kilometers. While the area after the municipality is 338.5 square kilometers.

These main criteria make the Iskandar Puteri City Council capable and capable in organizing development planning that includes various aspects including the development of infrastructure and public facilities, socio-economic development, beautification development, tourism development and information technology (IT) development.

The districts under the administration of the Iskandar Puteri City Council are Skudai, Lima Kedai, Gelang Patah, Kangkar Pulai, Iskandar Puteri and Ulu Choh with a total population of 525,351 people.

Now Iskandar Puteri City Council has everything. This development makes it a community focus area whether for settlement purposes or a place to earn a living.

The Iskandar Puteri City Council will work harder to achieve a progress-leading organization, continuing in line with the wishes of customers to become an authoritative ruler in creating a planned, cultured, beautiful and prosperous township. Hopefully Iskandar Puteri City Council will achieve greater success in the future.
