Nanosoft v1.1.13 – WP Theme for IT Solutions and Services Company

Nanosoft – WP Theme for IT Solutions and Services Company is a WordPress theme developed exclusively for startups, apps and digital technology companies. It's fully responsive, retina ready, and easy to customize.

Nanosoft – WP Theme for IT Solutions and Services Company is an intuitive, flexible, and powerful WordPress theme designed for the needs of business websites of all sizes. Nanosoft was developed with utility in mind and brings out your content with its ready-made layouts. The theme includes the most popular premium plugins on the market: Visual Composer, Revolution Slider and Advanced Custom Fields. This plugin set allows you to create almost any type of layout using a drag and drop interface and a ton of pre-made elements.
