Download the PlayStation Now app on your PC

Download and install the PC app. Install any drivers by following the onscreen prompts.

Sign up for PlayStation Now

Start the app and sign in to your account or create an account if you don't already have one. Connect a compatible controller to your PC. You can browse PS Now using a controller or keyboard/mouse, but you need a compatible controller to play. Sign up for a free trial or a paid PS Now subscription. You're eligible for a free trial only if you've never tried PS Now before. Select a game to start streaming.

Please note, PlayStation Now subscriptions are ongoing subscriptions with a recurring monthly subscription fee. If you don't cancel your PS Now subscription before the end of the free trial period, your subscription will renew and continue until cancelled.
