PrettyPress V1.0 - House Cleaning Service WordPress Theme is a new, fresh and neat WordPress theme designed specifically for maid service & house cleaning service companies.

Give your clients a break and let your professional team handle their cleaning situation!

This theme has a perfectly thought through layout, will be easy to manage, customize and adjust to your personal requirements. Modern design and great functionality will help you create a unique web space that will make your business thrive! We also created an essential calendar page to help you keep track of your cleaning schedule, and the events page, so that you can give your clients a constant update of what's going on at your company. The main page allows you to schedule a cleaning in just one click – things have never been that easy before! The gallery and the blog have several pages variations, so you can choose the way you want to share your experience with others! Moreover it features Unyson Drag & Drop Page Builder – a perfect tool to help you create your own, unique, personal webpages. You surely won't be disappointed!

You'll love PrettyPress if you are building a website for:

- Regular house cleaning service company
- Commercial and office cleaning service
- Carpet cleaning & laundry service company
- Window cleaning service

The theme is powered by Twitter Bootstrap v3 and has clean and valid code. Don't miss a chance to promote your business, because this theme is going to be exactly what you need to build a successful career!
