Rectangle has been created for clients who want the highest quality screen solutions married with outstanding levels of customer service. Our goal is to drive technology, innovation and quality standards across the screen industry to new levels by delivering unique and extraordinary visual experiences that build long term commercial value.

As an independent screen specialist Rectangle's senior team of screen architects combine over four decades of experience across screen innovation, manufacture, build and the delivery of award winning digital signage solutions. Our purpose is to help any business seamlessly deliver a screen of extraordinary quality at any size or any shape imagineable.

Our vision is ultimately to build the worlds most innovative and extraordinary screens.
