Renfield is a 2023 American action comedy horror film directed by Chris McKay and written by Ryan Ridley, based on a story by Robert Kirkman, who also served as a producer alongside McKay, Samantha Nisenboim, David Alpert, and the duo of Bryan and Sean Furst. Inspired by characters from the 1897 novel Dracula by Bram Stoker, the film stars Nicholas Hoult, Awkwafina, Ben Schwartz, Shohreh Aghdashloo, Brandon Scott Jones, Adrian Martinez, and Nicolas Cage.

The film tells a story of the character Renfield, Dracula's devoted servant. The film entered development hell after the commercial failure of The Mummy (2017). Kirkman later pitched a new version of the film, leaning more into the comedic aspects of the story, and the production rights were acquired by Skybound Entertainment. Dexter Fletcher was originally announced as director in 2019, but McKay eventually replaced him, working off the Ridley script and Kirkman's original pitch. Much of the cast joined between August 2021 to January 2022, and filming took place from February to August 2022. Marco Beltrami was hired to compose the film's score.

Renfield had its world premiere at the Overlook Film Festival on March 30, 2023, and was released in the United States on April 14, by Universal Pictures. The film received mixed-to-positive reviews from critics and grossed \$26.9 million.

SYNOPSIS: In the early 20th century, Transylvanian vampire Count Dracula meets English lawyer R. M. Renfield. Renfield hopes to broker a land deal, and after proving to be a useful assistant, he ends up becoming Dracula's familiar, which grants him immortality and super strength and speed when he consumes bugs.

Ninety years later, Renfield has grown weary of bringing victims to Dracula as well as the latter's abuse. They recently had a close call with vampire hunters who almost killed the count, so the duo moves to New Orleans to recuperate. There, Renfield discovers a 12-step self-help group for people in codependent relationships. He tracks down one of the group member's abusive lovers so he can give him to Dracula without

feeling remorse, but they are attacked by an assassin hired by the rival Lobo crime family, whom Renfield kills.

The assassin's boss Teddy Lobo drives off and runs into a sobriety checkpoint that is run by police officer Rebecca Quincy, who arrests Teddy. At the police station, Teddy is released from custody, while Rebecca has a confrontation with her sister Kate, an FBI agent.

Dracula tells Renfield that the criminals he has brought as food are insufficient and that the vampire desires the blood of the pure. Renfield goes to a restaurant to abduct commoners while Rebecca is also led there by clues from the crime scene. The two are caught in an attack on Rebecca's life that Teddy has been pressured into making. Instead, Renfield and Rebecca defend themselves, killing several gang members, and leading Teddy to escape.

Teddy's mother, Bellafrancesca, orders him to hunt down the man who killed her footsoldiers, and he ends up encountering Dracula when Renfield is away. The two form an alliance while Renfield heeds the teachings of his self-help group and decides to make a life for himself apart from his master. Renfield gives a statement to the police to help them finally stop the Lobos. However, Dracula learns of Renfield's betrayal and slaughters the support group in front of him.

Rebecca appears and finds Renfield surrounded by dead bodies, causing her to arrest him until she is swarmed by corrupt police officers and the Lobos, who also want revenge on Renfield. Rebecca refuses to hand Renfield over, and she barely escapes with him. The next morning, Rebecca finds that Renfield has saved her life, and he explains his true origin. The two fight through corrupt police officers and Lobo henchmen who come to the apartment to kill them and escape, but after attempting to call Kate, Rebecca discovers that she has been taken hostage by Dracula and Bellafrancesca. She and Renfield stockpile weapons and bugs to storm the Lobos' headquarters, only to find that Dracula has empowered over a half-dozen gang members, including Teddy, with Renfield's supernatural abilities.

Renfield kills Teddy and the gang members while Rebecca heads to stop Dracula, only to find that Kate is beaten to near-death and only the healing properties of Dracula's blood can save her, which he will offer in exchange for Rebecca's loyalty. She tricks Dracula and injures him by exposing him to sunlight, leading to him having a final standoff with Renfield and Rebecca that ends with the two capturing him in a magical circle.

Renfield and Rebecca beat Dracula into pieces, then encase the pieces in concrete, and scatter them among the city's water system. Kate is healed, Bellafrancesca is arrested, and Renfield resurrects his self-help group friends with Dracula's blood, feeling empowered to make a new life for himself.
