For nearly a decade, Singapore First Aid Training Centre Pte Ltd has remained the distinctive choice for quality first aid training and pre-hospital emergency care education. Situated in a centralised location and equipped with state of the art facilities, Singapore First Aid Training Centre imparts convenience, comfort, and assurance throughout your learning journey with us.

Backed by its dynamic team of paramedics and nursing trainers with a total combined experience of over 62 years in the field, Singapore First Aid Training Centre provides a highly conducive learning environment that enables everyday people to develop the ability to perform "Real First Aid for the Real World™"

Singapore First Aid Training Centre's courses and programs are conducted using its signature high involvement and interaction training methodology that has completely blown away traditional training methods used in common first aid courses.
