Description

Slider Revolution Responsive V6.6.18 WP Plugin Free Download

This versatile WordPress plugin helps beginner-and mid-level designers WOW their clients with pro-level visuals. You'll be able to create anything you can imagine, not just amazing, responsive sliders:

Stunning visual elements such as sliders & carousels
Eye-grabbing hero sections that stand out
Whole websites that could win you awards
Full web pages that glue visitors to the screen
Rich and dynamic content your clients will LOVE
Without writing a line of code. In a matter of minutes. Using any type of media you want.

Slider Revolution 6 Highlights:

THE VISUAL EDITOR YOU WANT TO WORK WITH

Our goal is to deliver the ultimate experience to our loyal users. Version 6 of the Slider Revolution WordPress Builder has an optimized editor with all options categorized intuitively, so you can work faster.

Better usability

- Work faster & more efficiently
- Eye friendly dark user interface
- Improved loading times

THE ANIMATORS DREAM. NOW WITH KEYFRAMES.

Instead of only allowing layer in/out animations, the Slider Revolution WordPress Builder has the ability to add multiple animation steps to each layer animation.

- Easy to understand structure
- In-depth animation settings
- New easing types
- Animation presets

MIGHTY NEW CONTENT. PURE INSPIRATION.

To fuel Slider Revolutions new UI and features, we prepared a large selection of high quality content for you to enhance your web projects immediately.

- Many New templates
- New images, videos, icons, etc.
- Premade layer groups
- Quickstyle layer presets
- Add-Ons
