### Description

WooCommerce Custom My Account Page WP Plugin Free Download

WooCommerce Custom My Account Page V1.2.0, Navigating multiple pages on the WooCommerce-based store to view usable information is quite frustrating for a customer.

This plugin comes with the functionality to customize "my account page" for customers with all the details. With this plugin admin can now add more endpoints, which he want to show to customer at one single page.

Woo Custom My Account Page lets admin control perfectly the WooCommerce My Account page. You will be free to add and manage the most suitable information, sorting them with tabs or menus.
