### Description

WooCommerce NFT Importer V1.0.5 WP Plugin Free Download

WooCommerce NFT Importer V1.0.5 for WCFM.

Start an NFT affiliates website by importing NFTs from OpenSea.io via their API. The NFTs will be imported in WooCommerce and will create affiliate/external products.

**OpenSea.io Importer**

Usage

- 1 Install the plugin in WordPress (Any theme can be used along with the plugin)
- 2 Consult the Affiliate program on OpenSea.io
- 3 Fill in the OpenSea API Key in the settings
- 4 Install WooCommerce for affiliate products
- 5 Start importing NFTs (there is no import limit)
- 6 Promote your site to your viewers/visitors
- 7 Commission rate: Earn 2.5% commission on any purchase you refer

### Payout example:

Any time a new user buys something on OpenSea, you'll earn up to 2.5% of the sale! Referrals are processed every two weeks.

\*Read more on [www.opensea.io](http://www.opensea.io) (Disclaimer: The affiliate program may suffer changes. Before purchasing this plugin please consult OpenSea.io)
