Description

WooCommerce NFT Importer V1.0 WP Plugin Free Download

WooCommerce NFT Importer V1.0 - Dokan (Addon)

Start an affiliate NFT Marketplace by importing NFTs from OpenSea.io via their API. The NFTs will be imported in WooCommerce and will create affiliate/external products.

System Requirements:

WooCommerce.

Dokan or Dokan Pro.

WooCommerce NFT Importer (Without this core plugin, it will not work).

Key Features:

Addon for WooCommerce NFT Importer. It requires the core plugin in order to be used on Dokan.

Let Dokan Marketplace vendors import NFT products into your marketplace (affiliate/external products).

Import NFT Listings from OpenSea (via OpenSea.io API).

Compatible with WooCommerce & Dokan.

Import NFT in WooCommerce as affiliate/external products.

List ETH price next to WooCommerce price (converted) in shop page.

NFT Prices are fetched in realtime (the other details can be fetched via our addon – Realtime Fetcher).

NFT ETH price listed in Shop grid next to WooCommerce prices.

NFT Single Product Page options/fields

Auction History tab

Collection Name, Photo and Link

Owner/Author Name, Photo and Link
