Description

WP Event Aggregator Pro V1.6.1 Plugin Free Download

WP Event Aggregator Pro V1.6.1 allows you to import Events from anywhere – Facebook, Eventbrite, Meetup, iCalendar and ICS into your WordPress site (The Events Calendar).

This is add-on plugin for The Events Calendar, which allows you to run imports from multiple sources right from your dashboard, including Facebook, Meetup, Google Calendar(using iCal Url or .ics file), Outlook Calendar (using iCal Url or .ics file), Apple Calendar (using iCal Url or .ics file), iCalendar, and ICS into The Events Calendar. As an add-on plugin this plugin need The Events Calendar installed and activated.

Import Events sources:

Facebook
Eventbrite
Meetup
iCalendar
ICS
Google Calendar (using iCal Url or .ics file)
Outlook Calendar (using iCal Url or .ics file)
Apple Calendar (using iCal Url or .ics file)
