Description

WP Smart Contracts V2.0.9 WP Plugin Free Download

At WP Smart Contracts, we've revolutionized the world of WordPress by bringing the power of blockchain technology to your fingertips. Our innovative plugin is the first of its kind, providing a comprehensive suite of smart contracts tailored specifically for WordPress websites since 2019.

We understand the challenges that individuals and businesses face when it comes to integrating blockchain solutions. That's why WP Smart Contracts simplifies the process, making it accessible to everyone, regardless of their blockchain knowledge. Say goodbye to the steep learning curve and expensive developers – with WP Smart Contracts, you can harness the potential of blockchain effortlessly.

THE MOST COMPLETE SMART CONTRACT SUITE FOR WORDPRESS

Our dedicated team of blockchain experts and developers have crafted the most complete smart contract suite in the WordPress market. From creating and managing NFTs, staking contracts, to launching crowdfunding campaigns and token creations, WP Smart Contracts covers it all. You can trust our audited and trusted smart contracts to provide security and peace of mind for your blockchain ventures.

The Web3 login offers optional email registration, allowing users to register and log in using their cryptocurrency wallets while providing the choice to enter an email address during registration.

Additionally, you can enable upload capabilities for specific Web3 login roles, enabling users to upload media files like images, videos, or documents for NFT minting.

The plugin also supports separate media libraries for each Web3-logged-in user, ensuring file separation.

Web3 Login allows for custom page redirection upon user login via the default WordPress login form.

We pride ourselves on being user-friendly and cutting-edge. Our intuitive interface and step-by-step guides ensure that even those with limited blockchain expertise can navigate and leverage the full potential of smart contracts. WP Smart Contracts empowers you to unlock the benefits of blockchain technology without the complexities.

TRANSFORMING WORDPRESS WITH WP SMART CONTRACTS

Join our growing community of WordPress users who have already experienced the transformational power of WP Smart Contracts. Whether

you're an entrepreneur, developer, or blockchain enthusiast, our plugin is here to streamline your journey and open up a world of possibilities.

Experience the future of WordPress with WP Smart Contracts. Start building, managing, and interacting with blockchain solutions seamlessly.

SMART CONTRACT FLAVORS: TAILORED FOR SUCCESS

To meet diverse needs, WP Smart Contracts offers an array of smart contract flavors. Let's explore some of the exciting options:

ERC-20 STANDARD TOKENS

Vanilla: A straightforward ERC-20 implementation, optimized for gas-saving transactions.

Pistachio: An advanced set of interfaces, contracts, and utilities that implement a standard Ethereum Token with a strong focus on security.

Chocolate: Elevate your token with enhanced security and advanced features using this comprehensive flavor.

Macadamia: A reflection token that allows rewards on every transaction. No need to stake.

ERC20 / BEP-20 STAKINGS

Ube: Unlock the power of staking for standard ERC-20 / BEP-20 tokens.

Almond: Allow users to stake one token while earning interest in another.

SAFE CROWDFUNDINGS

Mango: Launch a simple and secure crowdfunding campaign that receives contributions in Ether. The owner can spend the donations only with contributors' approval.

NFT MARKETPLACES

ERC-721

Mochi: Create standard non-fungible tokens (NFTs) with comprehensive features.

Matcha: Elevate your NFT game with a fully-featured marketplace, enabling selling and auctioning.

Suika: Unlock the potential of an advanced NFT marketplace, complete with selling, auctions, token payments, and royalties.

ERC-1155

Yuzu: Implement the popular ERC-1155 NFT Multi Token standard to create unique digital assets.

Azuki: A cutting edge NFT Marketplace, featuring an ERC-1155 NFT Multitoken Marketplace with multiple quantities, selling, royalties and lazy minting with payments native coin.

Ikasumi: Our most advanced NFT Marketplace, featuring an ERC-1155 NFT Multitoken Marketplace with multiple quantities, selling, royalties and lazy minting with payments in ERC-20 / BEP20 Token.

SUPPORTED BLOCKCHAIN NETWORKS: WIDE CONNECTIVITY

Connectivity is essential in the blockchain ecosystem. WP Smart Contracts ensures compatibility with various blockchain networks, providing

you with flexibility and choices. Supported networks include:

Ethereum
Arbitrum One
Binance Smart Chain
Polygon (Matic)
Avalanche C-Chain
Fantom Opera
Seamlessly deploy your smart contracts on the network of your choice.

WP SMART CONTRACTS AFFILIATE PROGRAM

The WP Smart Contracts Affiliate Program provides a unique opportunity for users of the WP Smart Contracts plugin to generate cryptocurrency income while contributing to the growth of the blockchain industry.

COMMISSION STRUCTURE

The Affiliate Program offers an attractive commission rate of 40%. Affiliates have the opportunity to earn a significant portion of the revenue generated through their referrals. Commissions are earned when users deploy new smart contracts on any blockchain network through the affiliate's website.

SEAMLESS WORDPRESS INTEGRATION

The Affiliate Program seamlessly integrates with WordPress, the widely-used content management system. By leveraging the popularity and versatility of WordPress, affiliates can effortlessly promote the benefits of blockchain technology. The integration simplifies the process of maximizing earning potential for WordPress developers, website owners, and online entrepreneurs.

TRANSPARENT TRACKING IN THE BLOCKCHAIN

The WP Smart Contracts Affiliate Program provides affiliates with transparent tracking to monitor their earnings.

PROMOTIONAL RESOURCES AND SUPPORT

To ensure the success of affiliates, the WP Smart Contracts Affiliate Program offers a range of promotional resources and support. Affiliates gain access to marketing materials such as banners, landing pages, and pre-written content that can be used to effectively promote WP Smart Contracts on their websites and social media channels. Additionally, a dedicated support team is available to address any questions or concerns that affiliates may have along the way.

AUTOMATIC PAYOUTS AND CRYPTOCURRENCY OPTIONS

The Affiliate Program ensures that affiliates receive their commissions instantly. Payouts are made immediately in each transaction, providing affiliates with a consistent stream of cryptocurrency earnings. Affiliates receive their commissions in the native coin of the respective blockchain like Ethereum (ETH) and Binance Coin (BNB), etc.

JOIN THE WP SMART CONTRACTS AFFILIATE PROGRAM TODAY

If you're excited about the potential of blockchain technology and want to earn cryptocurrency while contributing to its growth, the WP Smart Contracts Affiliate Program is an ideal opportunity for you. To join the program, you just need to have the plugin activated on your website to integrate the transformative power of smart contracts into your WordPress website and generate significant income through referrals.

Embrace the future of WordPress and blockchain technology. Join the WP Smart Contracts Affiliate Program today and unlock a world of possibilities for your online presence.
