### Description

Xbox for Windows V1.0.0.0 is a new Windows 10 app that Microsoft has launched in order to increase their users' gaming possibilities. This tool helps you discover and download new games from this popular console's catalog and share your opinion with the rest of the community.

Xbox for Windows gives you the possibility to view the rounds that your friends are participating in as well as chat with them to increase the dynamism. Also, Microsoft keeps focusing its efforts in linking several platforms so that smartphones, PCs, and consoles can share information.

Another really interesting aspect of this new Xbox tool is that there's a long catalog that includes more than 100 high-quality games. Without a doubt, the group of tools will increase in time and the users of the Microsoft platform will have an excellent option in order to download and venture into trying a huge list of games. It should be noted that in order to use Xbox Game Pass, you'll have to pay a monthly fee and periodically renew your subscription.

The new Xbox for Windows 10 PC app lets you freely explore a huge game library. Also, you can always filter through the content in order to find all the games that you're interested in and even view recommendations for a bunch of other games.
