Description

Zairito V1.0 Laravel eCommerce System Free Download

Zairito – Laravel eCommerce System | Single vendor | eCommerce CMS

Zairito is a single vendor laravel ecommerce application with selling multiple types products, various payment gateway integration. It provides guest checkout and order tracking. It provides very nice user experience to use this application. A nice and super easy customizable admin panel is attached. It's a nice place to buy-sell physical, digital, affiliates and licenced products.
